DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 13 recites the limitation "the first square patterns". There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

3. Claims 1-12, 18-24 are allowed because closest prior art, Farnsworth et al. (US 2003/0039893), doesn't describe using 2 photomasks and, during the first exposure, the first polygon patterns or the first square patterns of the first photomask are rotated a first fixed angle from a first arrayed position. Farnsworth describes using 1 photomask and the photomask rotates in the second exposure but in the first exposure.

4. Claims 13-17 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Claims 13-17 are allowable for the same above reason.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to DuyVu n Deo whose telephone number is 571-272-1462. The examiner can normally be reached on 6:00-3:30; with alternate Friday off.
